INFORMS:

BOGOTA, D.C., COLOMBIA. MARCH 10, 2022. CEMEX LATAM HOLDINGS, S.A. ("CLH") (BVC: CLH) informs that the Board of Directors approved the consolidated financial statements of CLH for the fourth quarter of 2021, recognizing an impairment loss, that did not involve the use of resources, of one hundred seven million five hundred ninety-six thousand US dollars (USD\$107,596,000), which is the same amount reported on February 10, 2022, resulting from the difference between the fair value and the net book value of an operating segment.

Among other factors, this loss was generated by effects from a more competitive business environment, as well as the increase in transportation and fuel costs, which ended up generating a reduction in the value of operations in Costa Rica.
